And There's no More Complex than that the American Technology Gave Us the Ability To Use the Doctrine That We've Always Had on the Books and To Be Able To Prosecute a War and Save Lives and When It's all Said and Done that's What It's about Saving Fighter Pilots and Aircrew Lives and Saving Soldiers Lives When the National Objectives Say that It's Time To Go to War the Doctrine Was that of General Billy Mitchell and It Evolved More than 60 Years Earlier Hit Enemy Leadership and Infrastructure and Simultaneously Deal with all Facets of the Enemy's Armed Forces All from the Air and He Believed You Could Do that with a Strategic Type Bombing Campaign Just as We Did in the Gulf and that in Many Cases It Would Significantly Minimize and Change the Necessity for the Brutal and the Fighting That We Had Seen that Hit Him and When Historically Become Accustomed to but Even in the Gulf There Was Still a Job To Do Regain

Based on the Modeling That We Had Done but that Should Take between Four and Six Weeks with Reasonably Good Weather and as History Shows That's about What It Took We Were a Little behind the First Two or Three Weeks and Then We Caught Up near the End and so that's Why that I'M Sure that General Schwarzkopf Would Tell You that He Made the Decision To Start the Land Campaign with the President's Approval When He Did but He Was in Control He Was the Sink and if He Had Needed To Wait Longer He Would Have Waited Longer

Operation Desert Storm | Hour-by-Hour - Operation Desert Storm | Hour-by-Hour 19 minutes - On the 26th of February **1991**, Captain Tim Purbrick noticed **Iraqi**, tanks in the distance. One of them, a T-55, was 4700 metres or ...
